Part X - FIN 48 Footnote

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Organization and recognize a tax liability if the Organization has taken an uncertain position that more likely than not would not be sustained upon examination by various federal and state taxing authorities. Management has analyzed the tax positions taken by the Organization, and has concluded that as of April 30, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the accompanying financial statements

Form 990 - Organization's Mission

We serve our mission to build a new economy by offering flexible loans and technical support to existing and startup businesses and organizations, helping businesses, nonprofits, public agencies and homeowners find much-needed energy savings, and by engaging in research, communications and advocacy for policy and narrative change. We also work with partners on a variety of projects to demonstrate what's possible in Eastern Kentucky.

Form 990, Part III, Line 4a - First Accomplishment

Lending and Business Support

The Lending team offers loans to existing and startup businesses and organizations. As a Community Development Financial Institution and a nonprofit, the organization can offer greater flexibility and lend to folks who may not otherwise qualify. The Business Support program connects business owners and nonprofit leaders to consultants who can help them succeed - from website development to professional photography, and more.

At fiscal year end, the combined portfolio of Mountain Association and its affiliated nonprofit Appalachian Investment Corporation included 197 loans totaling approximately \$21,680,056. There were 53 loans closed during fiscal year 2024, disbursing a total of approximately \$6,596,227.

CAN works in collaboration across sectors, partnering with other non-profits, community groups, funders, educational institutions, local government, and private business. CAN actively pursues economic transition in Central Appalachian communities through a variety of economic sectors and marketbased strategies. Mountain Association serves as fiscal sponsor for CAN. Strategic Initiatives The Strategic Initiatives program works to build relationships with communities in Eastern Kentucky by helping them design and build unique and place-based interventions in economic sectors that fill gaps and demonstrates what's possible in the region's new economy. This includes helping to develop and support a grassroots network of community groups focused on diversifying their local economies, as well as helping communities plan for and respond to climate change and climate disasters. As a part of this work, the organization also continues deep, long-term investment in Hazard, Kentucky as a way to show how collaborative work and community development projects can, over time, forward a new economy.

General Community Development

Historically, Mountain Association has provided administrative support services to and has maintained a joint employer relationship with several small nonprofits whose missions closely align with the organization. Currently, Mountain Association provides these services to Kentucky Natural Lands Trust (KNLT) and Kentucky Center for Economic Policy (KY Policy). KNLT is a nonprofit conservation organization working to secure funds to protect natural lands and provide for their long-term stewardship. KY Policy produces credible research to Kentuckians around complex issues such as public investments, taxes, education, criminal justice, health care, jobs, and the economy. As part of its mission, Mountain Association also serves as a fiscal sponsor for unincorporated nonprofit projects doing work that supports our goals. Fiscally sponsored projects are direct activities of Mountain Association.

Form 990, Part VI, Line 11b - Organization's Process to Review Form 990 The first level of review of the Form 990 is by Mountain Association's Chief Financial Officer, who provides the preparer with the information for the return and works closely with the preparer to ensure its accuracy and completeness. The President or Chief Operating Officer reviews the form before signing it. The board's finance committee also reviews the Form 990. Following the finance committee review, the Form 990 is distributed to the board electronically before it is submitted to the IRS.

Form 990, Part VI, Line 12c - Enforcement of Conflicts Policy The Mountain Association bylaws include a conflict of interest policy that 112734 08/26/2024 9:58 AM

specifies conflicts of interest to be avoided. The board of directors may make exceptions to the policy in specific cases when the situation is fully disclosed to them.

A provision of the conflict of interest policy is that each director, officer and employee must receive, sign and return a copy of a summary of the conflict of interest policy. Annually, Mountain Association board members and key employees sign the summary anew, affirming that they have read and understand the policy.

As part of the annual audit process, board members and other related parties fill out a related party questionnaire on which they report any interests and transactions that could give risk to conflicts of interest.

Any conflicts of interest are disclosed as part of the audited financial statements.

Form 990, Part VI, Line 15a - Compensation Process for Top Official

Annually, the Mountain Association President is evaluated through a process guided by the board executive committee, composed of the board officers

(chair, vice-chair, board treasurer and board secretary). The executive committee reports its findings to the board in closed session. After considering the committee's report, the board sets the President's compensation for the following year. The board takes into account compensation levels reported on Forms 990 for the CEOs of three to five comparable organizations as well as its knowledge of compensation of positions in the private and nonprofit sectors with comparable levels of responsibility, qualifications and achievement. The President does not

participate in or vote on the decision on the President's compensation. The board's decision on compensation is recorded in minutes which are presented and approved at the following board meeting. This process last took place in January 2024.

Form 990, Part VI, Line 15b - Compensation Process for Officers

The President determines the compensation of other staff, including those
who serve as corporate officers, following an annual performance review of
each staff member. Along with considerations of equity among staff, the
President takes into account compensation levels reported on Forms 990 for
officer positions in three to five comparable organizations and their
knowledge of compensation of positions in the private and nonprofit sectors
with comparable levels of responsibility, qualifications and achievement.
Every change in a staff salary is documented in a letter to the staff
member.
